Should your plant begin to look unhealthy, **please notify a Primex staff member before you dig up the plant** and bring it into the store. Sometimes there is a very simple solution to the problem that we can diagnose over the phone. If the problem is unclear, a Primex staff member may ask you to bring in a sample (branches or leaves) and a few pictures in order to prevent the loss of your plant.

If a tree or shrub purchased at Primex fails to survive, **YOU MUST BRING THE PLANT AND SALES RECEIPT** to the store in order to receive full credit. You will receive a gift card for the original purchase price paid to be used on any purchase at Primex.
